

FARYAL SHAHZAD

AI & PROMPT ENGINEERING PORTFOLIO

Prompt Engineering - AI Training - AI Workflows
AI-Powered Content

ABOUT ME

I'm a creative professional transitioning into AI with a background in design, education, and content development.

My current focus is Prompt Engineering, Generative AI, AI Workflows, and AI-powered content creation.

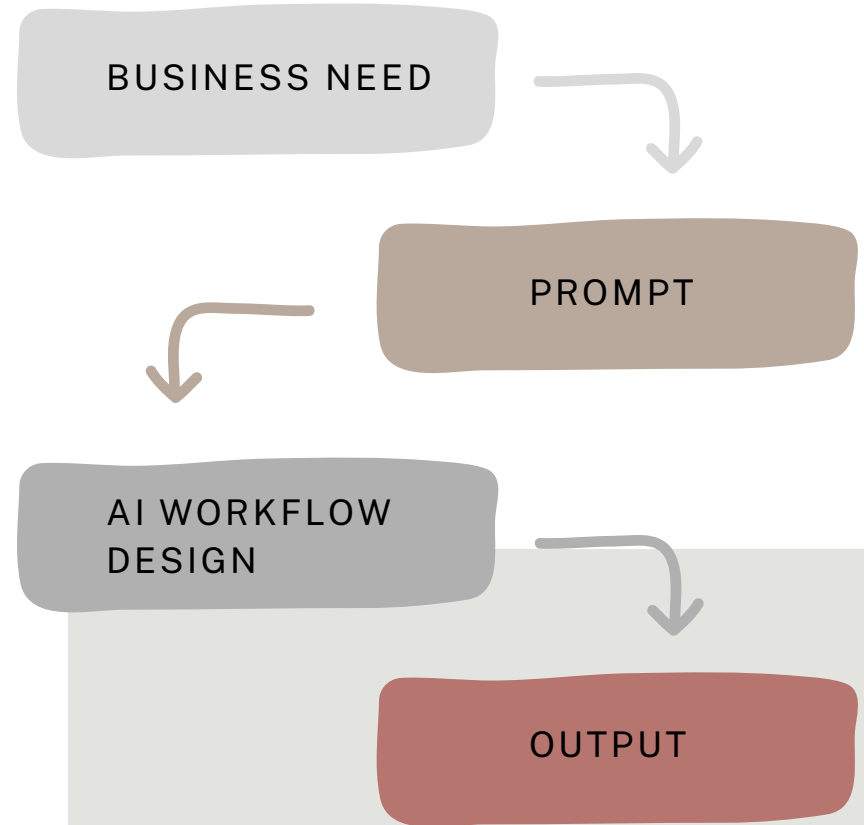

I enjoy turning ideas and business requirements into clear prompts, structured workflows, practical AI solutions, and engaging digital content.

WHAT I DO

- Prompt Engineering & Prompt Design
- Generative AI & LLM Applications
- AI Workflow Design
- AI-Powered Content Creation
- AI Training & Instructional Content
- Canva-based Digital Content Design

MY AI APPROACH

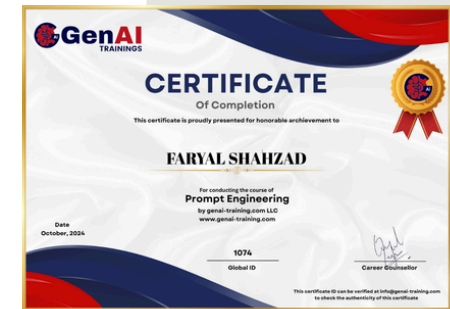

I approach AI as a practical problem-solving tool. I start by understanding the goal, break the requirement into clear steps, design the prompt or workflow, and refine the output until it is useful, consistent and easy to apply.

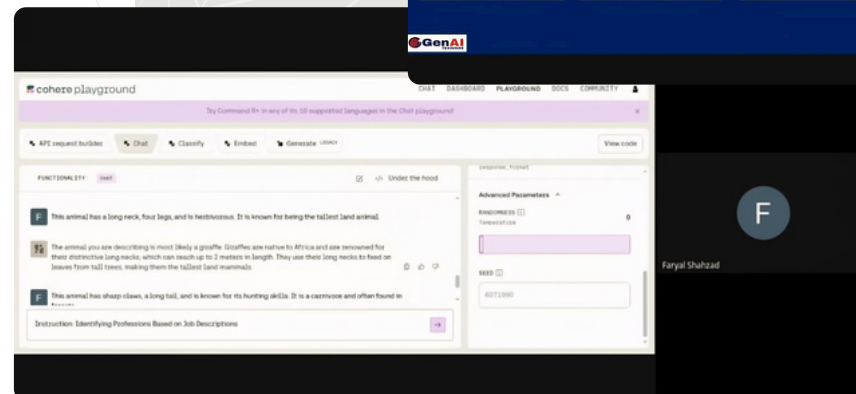

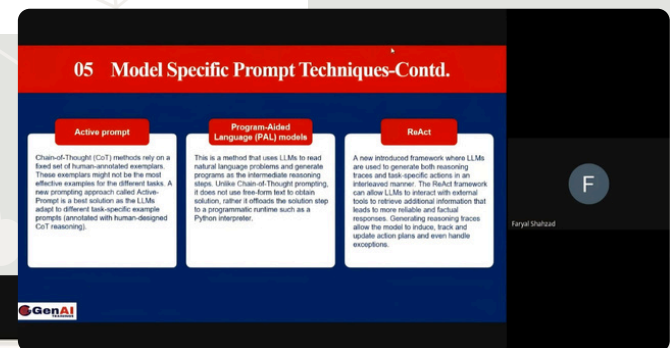

UNDERSTAND → STRUCTURE → TEST → REFINE

MY JOURNEY

My background combines visual design, education, content creation and emerging AI skills. I began with a foundation in Fine Arts and Sculpture, developed professional experience in interior and visual design, and later transitioned into Prompt Engineering and Generative AI. Today, I combine creative thinking with AI workflows to design practical solutions, create digital content and teach others how to use AI effectively.

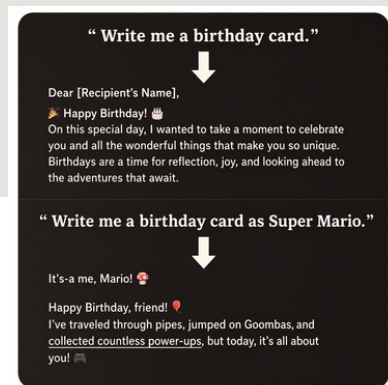

Generative AI & Prompt Engineering

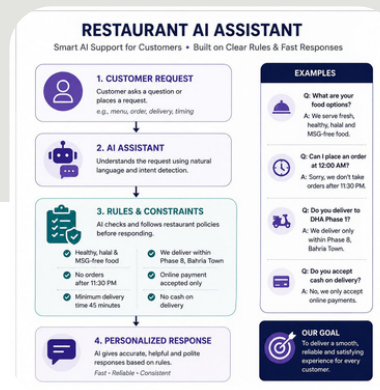

AI Training & Prompt Engineering

CORE CAPABILITIES

Prompt Design & Optimization

I design clear, structured prompts that turn ideas and requirements into useful, reliable AI outputs. My approach focuses on clarity, context, constraints and iterative refinement.

AI Workflow Design

I translate a business or user need into a structured AI workflow by defining the requirements, prompts, tools, process and expected output.

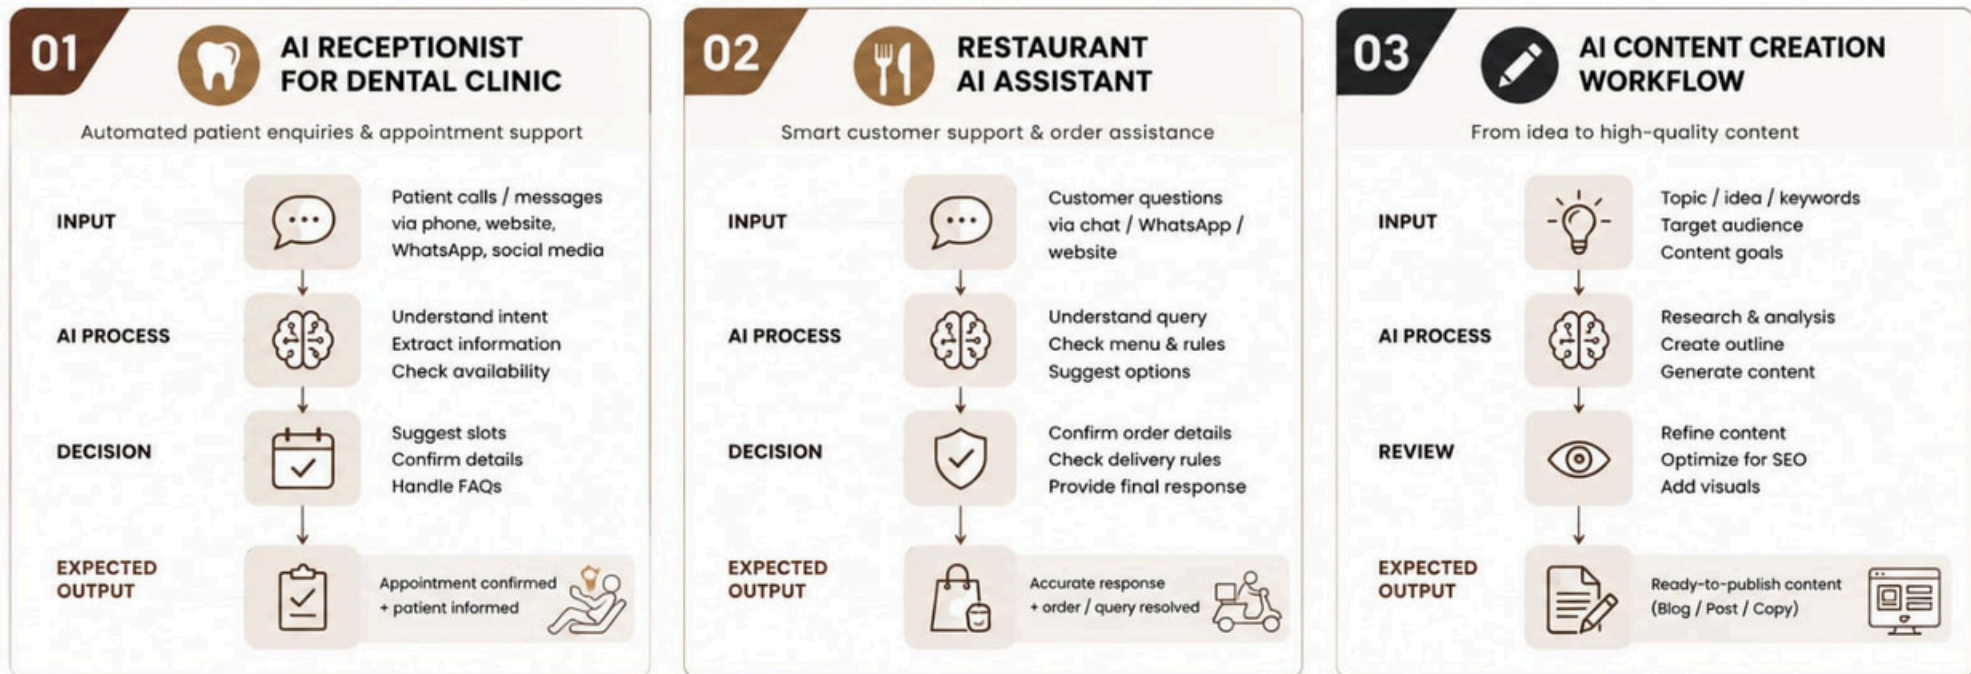

AI Powered Content

I combine Generative AI with creative design to develop digital, educational and marketing content. I use AI and visual tools to turn ideas into clear and engaging communication.

AI WORKFLOW DESIGN

DESIGNING SMART AI SOLUTIONS THAT SOLVE REAL BUSINESS PROBLEMS

MY APPROACH

Understand
the problem

Structure
the workflow

Design
AI solution

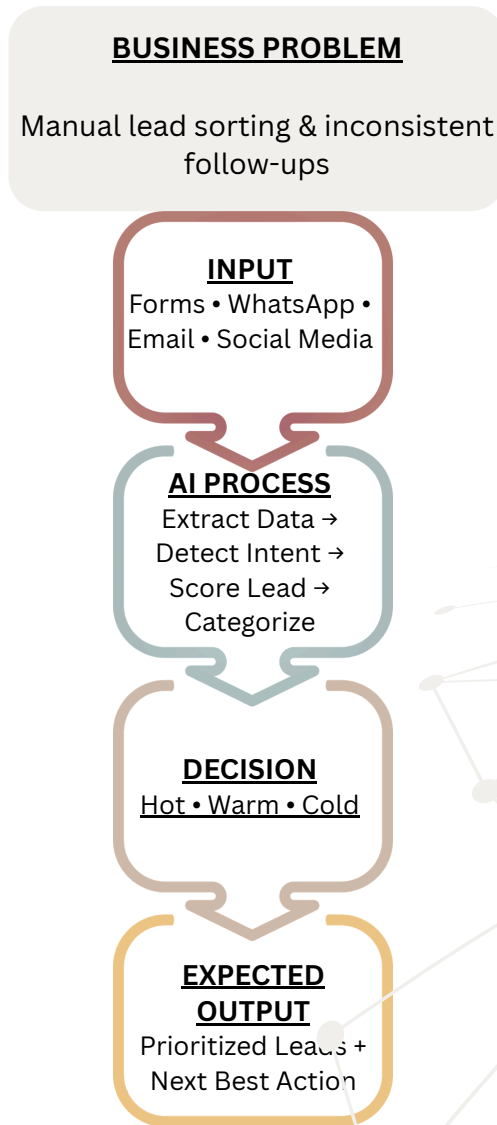

Test
& refine

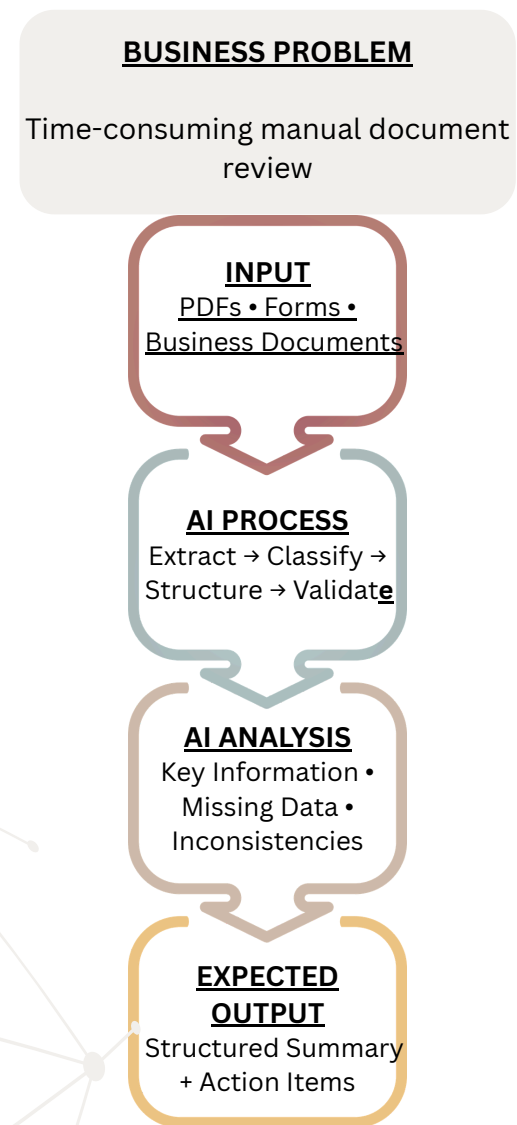

Deliver
real value

AI SOLUTION DESIGN

AI LEAD QUALIFICATION & FOLLOW-UP

AI DOCUMENT PROCESSING

CREATIVE & VISUAL DESIGN

Translating ideas into clear, engaging visual communication

DIGITAL DESIGN

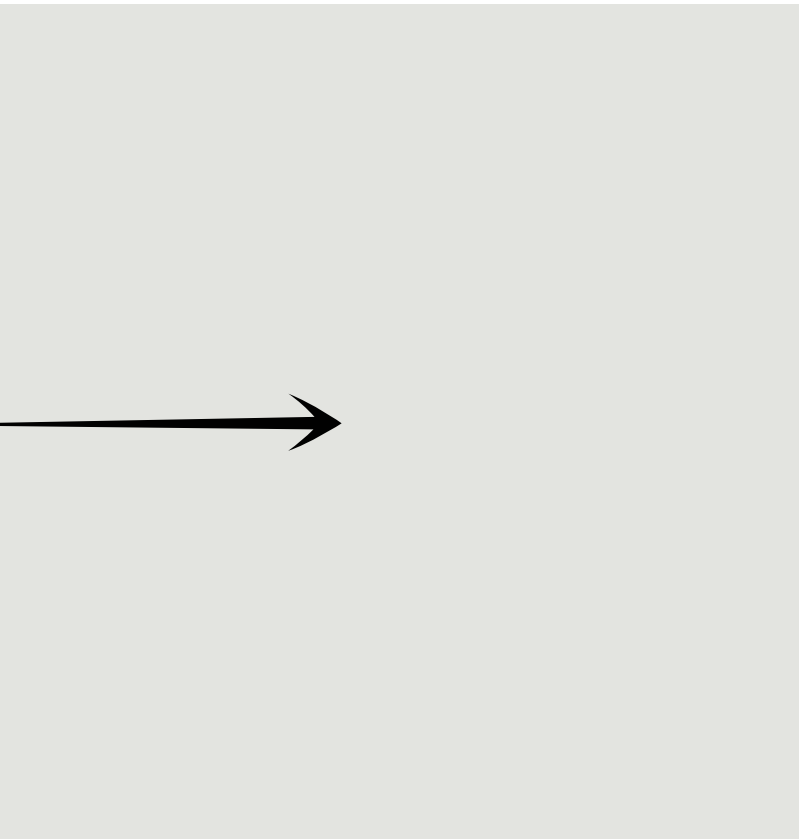

Canva • Social Media • Branding • Visual Communication

CREATIVE FOUNDATION

Fine Arts & Sculpture shaped my visual thinking and creative problem-solving.
